

ANKIT MONDAL

Python | DSA | Java | 5 ⭐ in Python and SQL at Hackerrank

ankitmondal802@gmail.com | +91 8337052203 | <https://www.linkedin.com/in/ankit-mondal-29a485245/>

PROFESSIONAL SUMMARY

BCA student at The Heritage Academy with a strong foundation in programming, software development, and system design. Proficient in C, Python, HTML, CSS, and JavaScript, with knowledge of DBMS, OS, Software Engineering, and DSA. Passionate about solving real-world problems through technology and eager to gain hands-on experience via internships and collaborative projects. Committed to continuous learning and contributing to impactful, innovative solutions.

WORK EXPERIENCE

AWS Cloud Engineer Intern

Ardent Computech, Kolkata

June 2025 – Present

- Completed an AWS Cloud Engineer internship with hands-on experience in core services like EC2, S3, IAM, VPC, and EBS.
- Gained practical knowledge in configuring virtual servers, managing storage solutions, setting up secure access controls, and designing isolated cloud networks. Developed and deployed cloud-based environments following best practices in scalability and security.

Python Programmer Intern

CodSoft, Kolkata

Nov 2024 – Dec 2024

- Completed a Python Programmer internship focused on developing efficient, real-world applications. Worked on file handling, data processing, web scraping, and automation scripts.
- Gained experience with libraries like Pandas, Requests, and implemented logic-based solutions using functions, OOP, and exception handling. Collaborated on debugging, code optimization, and version control using Git.

PROJECTS

Smart Health AI

Python, HTML, CSS

- The Smart Health Voice Assistant is an AI-powered healthcare assistant that enables users to manage their health through voice command. It offers a seamless and fast user experience.

EDUCATION

Bachelor of Computer Application

The Heritage Academy, Kolkata

SGPA – 7.5 Upto 4th Sem

Graduated: 2023 - 2027

SKILLS

- Python, SQL, DBMS, Operating System, DSA, OOD
- Software Engineering, Adaptability to New Tools and Frameworks
- C Programming, Java, Complexity Analysis
- Problem Solving, Collaboration and Communication
